Test Taking Tips!

- Carefully read the **instructions** on the cover of the test booklet.
- Read the directions for each test carefully.
- Read each question carefully.
- Pace yourself—don't spend too much time on a single passage or question.
- Pay attention to the announcement of five minutes remaining on each test.
- Use a soft lead No. 2 pencil with a good eraser. Do not use a mechanical pencil or ink pen; if you do, your answer document cannot be scored accurately.
- Answer the easy questions first, then go back and answer the more difficult ones if you have time remaining on that test.
- On difficult questions, eliminate as many incorrect answers as you can, then make an educated guess among those remaining.
- **Answer every question.** Your scores on the multiple-choice tests are based on the number of questions you answer correctly. **There is no penalty for guessing.**
