

RLA is more than a place where my children obtain a higher level of education, but rather has become our extended family. It's a place where my children feel loved by amazing teachers, staff members and families that influence them daily. It's a place where they can embrace in their faith and sing of the love our God has for them. Our son, Greyson was entering preschool this year and the anticipation of the change made him very apprehensive for his first year of school. Mr. Rottmann and Miss Dimond on separate occasions took time out of their schedules preparing our family for the change and it dramatically changed Greyson's perception of school. Every chance Greyson gets he wraps his little arms around Mr. Rottmann and gives him a big bear hug and we know that it's because of the individualized time spent with our family. So even at a time when driving two children to separate locations was not ideal, our family was embraced by many and the decision became very clear that RLA is our home.
